Antrim

Our Family,
Caring for Yours.

Conway
Group
HealthCare

"We take the time because it's the little things that matter".

We know that moving to a new home can be daunting.

That's why we will be with you every step of the way.

As you embark on your journey, we will advise and guide you through the process. It's our mission to ensure that you have all the information you need before you or your family member decides to choose us.

Our ethos is quite simple. We want you to become a member of our family. Your new home is a place to relax, to feel safe, to meet new friends and to be cared for.

If you would like to be given a tour and an introduction to how life will be in your new home, please don't hesitate to contact us and we will take care of the rest.

**We're not just another care home. We are the beating heart for families living in the area.
Our dedicated teams treat everyone we come into contact with as one of the family.**

This 62 bed facility raises the quality of care available in the Antrim area.

SPACIOUS EN-SUITE ROOMS

- 62 General Nursing Care and Dementia Residential Care (full shower ensuite facilities)
- All bedrooms are custom designed and tailored to meet our residents' needs

THE HIGHEST STANDARD OF CARE

- Staff continuously trained to the highest standard
- Individualised activities programmes
- Nursing care available 24 hours

BEST PRACTICE IN CARE

- A full range of therapeutic equipment in house
- Regular RQIA inspections and approvals carried out with reports providing you with an assurance of best practice and highest quality of care
- Communal areas and accessibility to courtyard

Taking the lead in facilities and best practice

Our home has been designed with the needs, desires and lifestyles of our residents in mind. Our décor is warm and welcoming, our furnishings comfy and chosen to meet healthcare needs without compromising on home comforts. Our planning allows ease of movement within and easy access to outdoor areas.

Supporting people with different needs, we marry that homely atmosphere to the best quality professional care in every respect. We bring over 25 years' experience of working with leading healthcare professionals and the latest best practice guidelines to deliver the care needed to enhance the lives of our residents.

All-in-all, we want our home to become and feel like home and our residents tell us that they lead full, enriched and contented lives in the safety of our homes.

Personalised Care

The Conway Group Healthcare philosophy recognises that every resident has different care needs, and we always put the emphasis on person centred care. Each resident will have their own structured Care Plan, developed following a thorough assessment and in consultation with both the resident and their family representatives. Care Plans are continually evaluated and updated over the course of the resident's stay in our home.

Our highly qualified Activities Therapist provides a constructive activities programme which is important for the wellbeing of our residents. Happy contented residents make happy contented carers and families. We are passionate about providing an Activities Programme that focuses on the resident's individual needs.
